Since 1994

The best technology works effortlessly, elegantly, even emotionally, to improve the space around you without complication or aesthetic compromise. The essence of true luxury is the experience.

At Dubai Audio, we believe deeply in the exhilarating and irresistible experience of luxury home entertainment. High-fidelity sound, stunning visual clarity, sophisticated design, and not least, effortless ease of use are the hallmarks of all we have to offer.

Our range of products and services meet the needs of discerning home and commercial buyers, as well as consultants, architects, contractors and interior designers. As distributors we exercise rigorous oversight over the dealers we work with, ensuring they provide a level of service and expertise that meets our own demanding standards.

As pioneers in bringing cutting-edge home entertainment solutions to the UAE and across the Middle East, we have established a global reputation for innovation and integrity that makes us the go-to resource for world-class brands looking to enter the region.

OLIVER HEMMING

Obsession Alarm Clocks

Description

Obsession Alarm Clocks have a gorgeous convex glass lens which adds a very special touch of refinement and has a lovely jewel like quality and weight that comes from the solid 304 stainless steel case.

Featuring a reliable and 100% silent sweep action movement for peaceful nights and a light that is programmed to come on for only 10 seconds when the clock is picked up, and helps to extend the battery life. This is simply beautiful.

Dimensions

The outer diameter is 8cm (3.25").

CHELSEA CLOCK COMPANY

Square Alarm Clock

Description

Founded in 1897, Chelsea Clock Company is one of the oldest, and largest clock manufacturers in the United States. For over a century, Chelsea's craftsmen have been designing and meticulously building some of the world's most exquisite time machines. Today, the company continues to manufacture at its corporate headquarters in Chelsea, Massachusetts. Most clocks are crafted from rugged forged brass cases which are then hand polished and lacquered to last generations.

Customization options are offered.
